This notice is intended solely to gather information about the relevant market, with particular regard to furniture belonging to the medium-high quality segment and, exclusively for certain specific representative areas, to the premium segment. The notice is also intended to identify potential economic operators who may be invited to participate in subsequent procurement procedures, in accordance with the principles of transparency, competition, non-discrimination and equal treatment.

Furthermore, this notice does not constitute or initiate any procurement or contract award procedure and does not confer upon economic operators any rights or legitimate expectations with regard to any subsequent contract award.
